

KERKKO PELTTARI

Always solving problems.

WORK EXPERIENCE

Software Engineer

Robocorp Oy

Robot Framework, Python, Typescript

9/2020 - 06/2023

📍 Helsinki

Developing Robot Framework libraries for RPA developing end users.

Closed-source full-stack development along with some open-source Python and browser-extension development.

Chairman of the Board, entrepreneur

Muisoft Oy

Selling and delivering consulting services for various small-scale projects

Junior Developer

Reaktor Oy

Robot Framework, Python, Typescript

5/2020 - 8/2020

📍 Helsinki

Summer job, developing Browser automation library Robot Framework Browser at Reaktor for Robocorp Inc. Mostly worked with a 2-person team, with a larger open-source team governing the project. See <https://github.com/MarketSquare/robotframework-browser#robotframework-browser>

Linux Developer

Contribyte Oy

Java, bash, Confluence, Jira

10/2017 - 10/2018

📍 Helsinki

Working with Confluence / Jira and VersionOne. Writing some plugins, scripts and doing customer support.

Trainee

Päivölä Student Innovation Lab (PSIL) Oy

08/2015 - 06/2017

📍 Valkeakoski

High school studies included work internship, 12 hours every week. I did a little bit of everything, from deployment to full stack development to helping with programming classes for middle schoolers.
